GENERAL INFORMATION

HOW TO USE THE TELEPHONE

When using the telephone speak distinctly in a moderate tone of voice with lips close to the mouthpiece.

Answer your bell promptly but do not remove the receiver from the hook while the bell is ringing. It may interfere with the signals.

To recall the operator on a Common Battery telephone (one where you signal the operator by merely lifting the receiver from the hook) move the receiver hook up and down slowly three or four times.

To recall the operator on a Magneto telephone (one where you signal the operator by turning a crank) hang up the receiver and give the handle one quick turn.

SERVICE CALLS

Call "Information" for names not listed.

Call "Chief Operator" to report unsatisfactory handling of your calls.

Call "Repair Service" when your telephone is out of order.

TELEGRAMS BY TELEPHONE

Momence subscribers may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company.

When calling the telegraph company, follow the instructions shown under its listing in this directory.

By arrangement with the Western Union Telegraph Company, the charges for Telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the message charges in the coin box.

LONG DISTANCE TELEPHONE SERVICE

Station-to-station service. The term Station-to-Station service is defined as a connection between any two telephones (including private branch exchange switchboard operator) and does not contemplate the establishment of conversation between particular individuals or departments of private branch exchanges.

Under Station-to-Station rates a charge

for a message is made in all cases where a connection is established with the called station.

Liberal reductions are made between 7:00 P. M. and 4:30 A. M. on station-to-station calls where the day rate is 35 cents or more as follows:

Evening Rates:—Between 7:00 P. M. and 8:30 P. M. approximately 75% of the day rates.

Night Rates:—Between 8:30 P. M. and 4:30 A. M., approximately 50% of the day rates.

Minimum "Evening" or "Night" rates, 35 cents.

Person-to-person service. Calls for particular individuals are accepted at a rate of approximately one-fourth more than those quoted under Station-to-Station service.

Report Charge. A charge of approximately one-fifth of the Person-to-Person rate to the point involved is made if communication cannot be established on Person-to-Person, Appointment, Messenger or Reversed Charge calls for reasons beyond the Company's control.

No Report Charge is made if the call is completed nor in case the report returned is "busy," "out of order," or "don't answer," as applied to the called station.

Messenger calls. Messenger Calls are Person-to-Person calls requiring the use of a messenger to secure a designated person.

The rates for Messenger Calls shall be the same as apply to Person-to-Person Calls, plus any charges that may be required for the service of messengers.

Messenger charges incurred are to be paid even if desired conversation is not held.

Collect calls. Collect Calls are calls, the charges for which are "reversed," that is, to be collected from the called station, provided the charges are accepted by the person called. When the station-to-station rate is less than 20 cents, reversal of charges is made only under the corresponding Person-to-Person rate.

For Information not given above concerning long distance service, call "Long Distance."

Rates to Some Long Distance Points

The following table shows the day station-to-station rates to some long distance points frequently called from Momence. The initial period in all cases is three minutes with the exceptions of rates of 25c or less where the initial period is five minutes.

The rates to any point may be had by asking for the Long Distance operator.

Rates Subject to Change Without Notice

Blue Island	\$0.30	Grant Park	\$0.10

ANXIOUS TO SERVE YOU

The telephone operator is just as anxious to give you prompt and accurate telephone service as you are to receive it. This interest is shared by employees in all other departments.

ILLINOIS BELL TELEPHONE COMPANY

Maybe You're Missing a Lot of Good Times

ALL kinds of good times—dances, card parties, informal dinners, are arranged by telephone. It is easy to get a crowd together on short notice if they all have telephones.

If you have no telephone in your home your friends cannot invite you. There is no way to reach you.

Folks used to get along without running water, electric light, bath tubs, gas stoves and many other things everyone now considers essential. Perhaps you can still get along without a telephone, but who would want to when the cost is only a few cents a day.

*Our Business Office will arrange
for prompt installation*

WHEN IN DOUBT, USE LONG DISTANCE

A business perplexity may be cleared up within a few minutes by a long distance telephone talk. When your next move depends upon the plans of some one in a distant city you can get the information desired, without delay, by use of the Bell lines. It saves time, money and worry to know exactly where you stand.
